Columbus, O., Sept. 24.—Trotters furnished most of the racing at the Columbus Grand Circuit meeting to-day. Unian, without the aid of a windshiely, reduced his record to 2.021-4, and came within a quarter of a second of equalling the track record, held by Sweet Marie. The third quarter was the gelding's best one, beding covered in just half a minute.

Baron May was a strong favorite and became almost prohibitive after he won the first heat easily. His poor showing in the second heat pushed the field price up above his in a hurry. After the pole was given to Alice Roosevelt, Baron May got started from the outside and went fairly well to the last turn, when he made a wild break and ran home. The judges, however, declined to distance him. Demarest, which took a record of \$0.000. It is said that not another city of the same size in the United States showed such an attendance, which is a hord word and a half paid admissions for each person in Hannibal. SUNDAY GAME TO BE BARRED. No Matter What Clubs Play World's

Chicago, Sept. 24.-There will be no Chicago, Sept. 24.—There will be no Sunday game in the coming world's series. This has not been decided by the National commission, but by the Detroit league club. Notice has been seryed on President Johnson of the American league and a member of the commission that in the event of the Tigers winning the pennant in that organization the Detroit club will not permit a game to be played in that city on Sunday.

Tentative schedules drawn up by the commission will now have to be re-

nmission will now have to be re Pittsburg or Philadelphia, so if Connie. Mack's club wins out there will be no attempt to play on that day.

Athletics Have Crompton to Blame Last season Covaleskie put the New York Giants out of the pennant race by his sensational work in the memorable series. Covaleskie was practi-cally an unknown at the time and this one series brought him into national prominence and the same thing has probably spoiled the big Tri-Stater. Now another youngster breaks into the limelight by making a play which may cost the Athletics the pennant. Crompton is the name of the youth. His throw at Shibe park in the first game of the series with the Browns was one

TRADING FELL TO LOW EBB. Condition Later Became Stagnant-Saturday Holiday.

New York, Sept. 24.—Trading in actually stagnant. The decision of the stock exchange authorities to close stock exchange authorities to close the exchange tomorrow in observance of the Hudson-Fulton celebration was purily responsible for this. There was some diversions of speculation into the cotton market, where the booming tide of the demand brought the condition, into resemblance with the great speculative pisodes of the past in that medium. There was a large participation in this activity by the usual frequenters of the stock market and the volume of business there suffered accordingly. The dullness of the trading left little motive power in the price. questers of the stock market and the volume of business there suffered accordingly. The duliness of the trading left little motive power in the price movement and its wavering course could not fairly be accepted as a reliable index of any opinions of values. There was less urgency in the selling that was done and it was not pushed at the expense of values. The relief from selling pressure seemed to offer small attraction, however, for any attempt to resume the operations for an accance. The intervening holiday would act as a bar to such an inclination. The parrowing money market, also is kept in view. Preliminary estimates of the week's curry was remarked to the week's curry was remarked to a small gain by the banks from the interior, but smaller than last week and with the tide of the outward movement from this center rising. The loss of the banks from sub-treasury operations of \$2,952,000 has been reduced, apparently, by a few hundred thousand dollars by reast of the receipts from the interior. There were a few happenings during the day which brought a response in individual stocks affected. Such was the discontinuance of the suit to prevent the meeting of the United States and the Central Leather companies and the toking of the necessary action by the stockholders of the two companies to perfect the merger. Central Leather advanced in face of a general decide then in progress. The action of the New York, New Haven and Hartford authorities in proposing an issue of 2-0 000,000 of new stock was of small effect on the market, though it is assumed that subscription rights of value weeld be involved. The feature of the meagre dealings in the stock market was the number of enormous individual transactions in Reading and to some extent, in United States Steel. The persistence with which Reading was pressed for sale on the advance and the forced back had much to do with the vacillating tendency of the whole list. When the pressure on Reading determined the closing tone of the market. Bonds were heavy. Total sales, pa

APPEARING OLD

Acts as a Bar to Profitable Employ-

You cannot afford to grow old.

In these days of strendous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total haldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggiets. Send life, in stamps for sample to The Herpicide Co., Detroit, Mich.

FOOTBALL PRACTICE IN RAIN. Two Elevens Out on Academy Campus-First Scrimmage.

Coach Bunnell's anti-mellycoddle first scrimmage practice in a drench-ing rain Friday afternoon the cam-pus. It rained steadily for the 45 minutes the boys were out on the campus, and they all looked as if they had been in swimming by the time the coach called them off at the end of a short scrimmage. The drenchof a short scrimmage. The drench-ing showed up the absence of fast col-ors in the red jerseys which produced a squad of athletes frescoed in vari-ous sterling designs when the boys stripped in the athletic building for dry clothes.

No regular lineup has been selected as -et, but all the candidates are cetting thoroughly drilled in the differ-ent departments of the game. Friday one squad practiced on the tackling dummy. Steve Ricketts showing them the most approved methods of hauling a fast running opponent to earth. Coach Bunnell with halfback Noyes took one eleven in charge, and Captain Gallivan had eleven other candidates lined up, working them mostly on line plays. Fast handling of the ball was practiced by squads of half a dozen taking it up and down the field as they passed it from one to another on the

For the last fifteen minutes, Coach Bunnell's squad lined up against Cap-tain Gallivan's for a number of rushes tain Galdivan's for a number of rushes, in which both sides carried the ball, but neither had it long enough to score. The attention was devoted mostly to the backs, Noyes looking after these and Coach Bunnell after the line men. The beginners seemed to be taking hold with enthusiasm and showed some good material to build up a fast if not very heavy eleven.
